

AMERICAN SUZUKI MOTOR CORPORATION

October 28, 2010

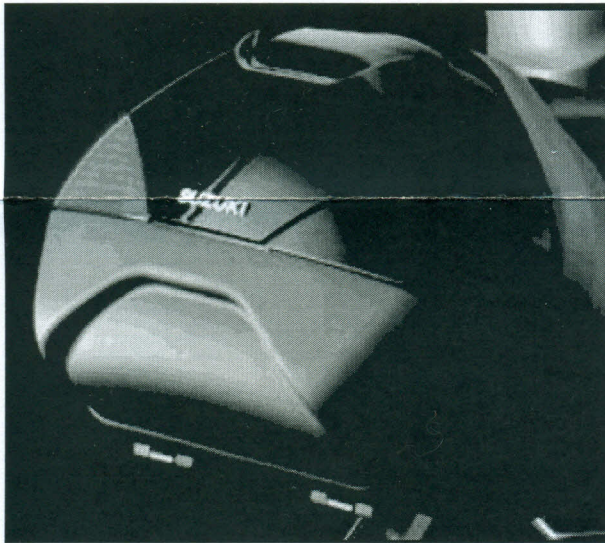

Dear Suzuki Owner,

American Suzuki's records indicate you are the current owner of a 2007~2009 GSF1250S/SA, or a 2004~2009 DL650/A or DL1000.

Genuine Suzuki Accessory Saddlebags for the models listed above were not equipped with side reflectors. When installed, the saddlebags cover up the motorcycle's originally-equipped rear side reflectors. If you did not install auxiliary reflectors on the saddlebags to function in place of the original reflectors, the intended benefit of the rear side reflectors under certain riding conditions is lost.

If you DID NOT purchase Genuine Suzuki Accessory Saddlebags, please disregard this notice.

If your motorcycle is equipped with Genuine Suzuki Accessory Saddlebags (shown below) contact your Suzuki dealer to schedule an appointment for installation of the reflector kit. Your dealer will install the reflector kit at no cost to you for parts or labor.

*DL650/A or
DL1000*

GSF1250S / SA

Contact any authorized Suzuki dealer to schedule the installation of the reflector kit. To get information about Suzuki dealers in your area visit Suzukicycles.com. To save yourself time and travel, do not bring your motorcycle to the Suzuki dealer until you have made an appointment.

Please be aware that the cost of any service unrelated to the installation of the reflector kit will be your responsibility.

Get answers to any additional questions about your motorcycle not addressed in this letter by contacting your Suzuki dealer or the American Suzuki Customer Service Department at 714-572-1490. Please have your Vehicle Identification Number (VIN) ready when calling.

We apologize for any inconvenience this may cause. And thank you for your attention to this important matter.

Sincerely,

American Suzuki Motor Corporation
